Three Architects Mark Achievements at BartonPartners

Steven Bickel

Allison Caines, LEED® AP

Matthew Auchey, AIA

Norristown, PA – January 29, 2009 – BartonPartners Architect/Planners has announced significant recent achievements of three of its architects:

Steven Bickel of Havertown, PA has been promoted to Associate at BartonPartners. As a Project Manager at Barton, Steven has been involved in design and development of residential and mixed-use projects in several northeastern states, including active adult, senior housing, condominiums, single-family and townhomes. He is a 2001 graduate of Philadelphia University and holds a Bachelor of Architecture degree.

Allison Caines, LEED AP, of Philadelphia has gained accreditation in the Leadership in Energy and Environmental Design (LEED) program of the US Green Building Council, indicating her thorough knowledge of green building practices, principles, resources and processes. Allison, who received her Bachelor of Architecture in 2007 from Philadelphia University, is an Architectural Designer at Barton, and has worked on active adult and senior communities as well as commercial and institutional projects.

Matthew Auchey, AIA of Philadelphia has become a Registered Architect in Pennsylvania. Matt is a Project Coordinator at Barton who has been active in creation of senior and affordable housing, condos and multifamily developments, as well as commercial and mixed-use projects. He is a 2003 graduate of Temple University, with a Bachelors of Architecture.

About the Firm

BartonPartners is a fully integrated architectural and planning firm, recognized nationally for its innovations in design, with a staff of nearly sixty architects, planners, designers, and landscape designers. Founded in 1990 and committed to facilitating conscientious development, the practice originated in residential development in the Middle Atlantic region, and has evolved to include mixed-use and transit-oriented design, commercial and retail architecture, single- and multi-family projects, 50+ lifestyle communities, adaptive reuse and rehabilitation of existing structures, and urban infill development throughout the United States.
